

# Smart TV Guide Room 2.2

The Smart TV in Meeting Room 2.2 allows users to easily and wirelessly screen share from a mobile phone or laptop to the big screen.

The Smart TV also allows users to use their phone camera as a webcam!

See following pages for how to guides.

**When using the TV in Room 4.2 please:**

- Connect cables only to the 'One Connect Box' (the black box on the shelf).
- Leave the remote control face down in the sun. It is solar powered!

**To turn off please hold down the power button until the TV shuts down.**
