World Bee Day at RH!

FROM THE ROSS HOUSE TEAM

Ross House members and tenants are warmly invited to our first community event of the year. The Community Development Sub-Committee is hosting a delicious and educational gathering to celebrate World Bee Day, and we would love you to join us.

Come along for a relaxed lunch and hear from special guest speaker Robert from Bee Sustainable, a local Brunswick business dedicated to bees, beekeeping, and sustainability.

Robert has been involved with beekeeping since he was just 13 years old, when his father gave him his very first hive to care for. His father was an experienced beekeeper and honey merchant based in East Malvern who managed hundreds of hives over the years. While studying science at university, Robert also helped proofread his father's book on beekeeping.

Today, Robert teaches beginner beekeeping classes each month through Bee Sustainable and enjoys sharing his knowledge and passion with others. During the event, he will chat with us about bees and beekeeping, and he will even be bringing along some live bees for everyone to safely observe.

Disability Pride Celebration - DRC

Ross House Association acknowledges the Aboriginal and Torres Strait Islander peoples as the traditional custodians of the lands where we live, learn and work. We respectfully acknowledge the Wurundjeri people of the Kulin Nation and the traditional owners of the land on which Ross House is located. We pay our respects to their Elders, past, present and emerging.

Colin's Corner

Welcome to Colin's Corner!

Colin Neave AM, Chairperson of the Ross House Association, shares some thoughts and highlights from the last couple of months.

[ID: photo of Colin Neave wearing a checkered shirt, standing in front of green foliage smiling at the camera].

A couple of weeks ago, Michael and I had the privilege of welcoming Assistant Minister Andrew Leigh and MP Sarah Witty to Ross House Association. I really enjoyed the opportunity to meet them and show them through the building.

During the tour, they showed great interest in our unique history and our ongoing objective of providing a hub for organisations with mutual interests across social and environmental justice.

Sarah Witty was particularly impressed by the range of causes our membership base is working towards, and the many initiatives happening around Ross House to support this work. She also expressed interest in attending future Ross House events.

We've extended an invitation to our upcoming World Bee Day event, and we hope to see her there. I'd also love to see more of our members and tenants come along, enjoy some lunch, and hear from Robert from Bee Sustainable about bees and their role in our environment.

Small Snacks Creating a Big Impact in Rural Java

BY ASSISI AIDS PROJECTS

Our Jajal Wae Sustainable Agri-tourism Project in Pandansari, rural Java, Indonesia, supports rural women living in poverty to generate incomes, by helping them to develop micro-enterprises.

One such micro-enterprise being run is by an inspiring group of women who are making snack products from cassava flour (tapioca) and bananas. The women sell their snacks directly to consumers via community markets.

In the past 6 months, they have also been visiting shops and cafes to try to expand their consumer base.

Their hard work is paying off and word is spreading - we just received an update that in addition to usual small orders, the women recently received a large-scale order for 600 items of their banana and cassava-based snacks!

ASSISI AID PROJECTS

Empowering Change

[ID: Black text which reads 'Assisi Aid Projects, Empowering Change' sits underneath a pink arch graphic].

This single transaction is valued at IDR 6.8 million which is approximately AUD \$600. While this amount may seem modest to you and me, for the women in Pandansari, this represents significant income.

To read more about our projects and the inspiring stories of women in Indonesia, please visit our website www.assisi.org.au or follow us on social media!

The Jajal Wae Sustainable Agri-tourism Project is delivered in partnership with our implementing partner in Indonesia, Dreamdelion, and supported by the Australian Government through the Australian NGO Cooperation Program (ANCP).

2026 Window Displays

Our Ross House front window is certainly prime real estate, and has countless people passing by. Its always a pleasure to walk in at the front of our building and see the proud displays of our tenants.

In March the displays from Voice At The Table (SARU) and Elder Rights Australia continued on from February.

For April, we had another display from the Self Advocacy Resource Unit, this time promoting their new "Safe Desk" initiative.

Joining them in the window was the eye-catching Disabled Winter Sports banner, promoting their upcoming ski season on the slopes.

[ID: A colourful banner from DWA promoting their work. To the right of the banner is a poster celebrating the launch of Self Advocacy For Everyone (SAFE) launch event]

Looking Ahead:

During the month of May, our window will host displays from TreeProject (always a crowd pleaser!). Sharing the window will be Disability Discrimination Legal Service (DDLS) with a display tying in with Victorian Law Week. Photos of these displays will be shared in the July newsletter.

Thank you to everyone for their enthusiasm with filling our window! Most of the months are now booked with some great displays to go in, but there are still a couple of months available. Let me know as soon as possible if you would like to find out more.

For any queries about our window displays, please get in touch with Carol at rosshouse@rosshouse.org.au.
